The Stewards:

Met by MS Teams on 14 May 2026 and determined on the written submissions presented by the Entrant the petition for a Right of Review.

The Stewards decision is:

To allow the petition made by the Entrant.

Reason(s) for this decision:

Noting that the appropriate fee was received in full by MSUK and the petition decided upon was received in time.

The Stewards find that there was a failure with the car, that the Entrant is appealing the level of penalty rather than the breach of the regulations, and that the data relied upon could only be retrieved once the car was released from parc ferme.

Based on this the Stewards find that the element raised in the petition was significant, relevant, new, and was unavailable to the party seeking review at the time of the Stewards' decision. Therefore, the Stewards allow the petition.
