

1. Monday 08:30 mandatory front row start driver briefing

- Race 1 and Race 2 GT3 and GT4 1st and 2nd place starting drivers to be briefed by the Race Director. Please meet promptly at 08:30 in the SRO Club Hospitality opposite Race Control

2. Monday 12:50 – 13:15 mandatory pit walk & autograph session

- It is mandatory for **all drivers** to be present in front of their garage for autograph signing.

3. Radio Checks

- Radio checks will be made daily before the first session.
- It is mandatory to reply to the radio check in the radio group on the app with “copy” and the relevant car number(s) via the teams messaging app before the first session of the day, not every session (only when requested).

4. Fire Extinguisher

- Each team’s fire extinguisher will be checked by the BGT pit managers. New purchase receipt or current valid service certificate is required.

5. Onboard Camera and Pit Area Camera Footage

- If the Race Director or British GT Stewards requests your onboard or pit area camera footage via the app or radio, the team must deliver the requested footage to the relevant office as soon as possible.
- All recordings need to be correctly labelled with your car number, time and date stamped.

6. Race Control, Race Director, BGT Stewards and SRO Office

- Drivers may be summoned to see the Race Director or British GT Stewards during the weekend
- The BGT Race Director office and BGT Stewards office will be on the 1st floor of the race control building.
- The SRO office will be in the motorhome in front of race control
- The main mode of communication with the Race Director will be on the race control radio channel, the team messaging app and should the Race Director or British GT Stewards need to speak to the team manager in session please come to race control when requested.
- Incident forms may be used to report incidents involving your car only, these must be fully completed and submitted on the app within 10 minutes of the alleged incident.
- The Race Director may issue decisions as a result of a report from a Judge of Fact.
- Incident investigations and other event issues will be dealt with by the British GT Stewards.

7. Driving Standards

- ALL drivers to take care whilst on track during all sessions.
- GT4 cars must pay attention looking in mirrors before overtaking, checking that no cars are approaching, GT3 cars to take care when overtaking GT4 cars.
- Remember if you are the faster car, it’s your responsibility to find a way round the slower car. Slower cars must hold their line. Any careless driving will be addressed.
- Driving standards must be irreproachable.
- All cars must have lights on at all times, GT4 cars yellow lights.

8. Pit Lane:

- Speed Limit in the Pit Lane is **40 Kph**.
- STOP GO penalty box is located at **Pit Entry**
- Your pit allocation / working area, must be prepared for inspection on Friday afternoon by the Race Director and pit managers. By Free Practice, teams pit allocations are set, no more adjustments concerning your neighbours and other pit allocations.

9. Leaving Garages/Pit Lane location:

- GT3 will be given permission to leave their location in the Pit Lane first to queue in the Fast Lane before the start Free Practice, Pre-Qualifying and Warm Up, but only after a signal is given from Race Control by means of a radio message or a message on the timing screen.
- A second signal will be given to GT4 cars enabling them to leave the Pit Lane very shortly after.
- Anyone moving before the signals, will be investigated.
- Skates are permitted to position the car correctly at the start of any session.
- Prior to the start of any session cars must be released nose out 45 degrees towards the pit exit (except Q2 and Q4)
- When returning to the pits, cars to come in at 45 degrees nose in, when exiting car must be pushed back safely by mechanics.
- In Qualifying, skates may be used to position the cars 45 nose out at the start of Q1 and Q3. Skates are not allowed to be used at any other time during the Qualifying Sessions (Q1 - Q4 inclusive)
- Between Q1 and Q2, Q3 and Q4 skates may NOT be used to rotate the car to a nose out position.
- Skates are permitted at the end of all sessions to get the car back in the garage apart from at the end of each categories Qualifying sessions – end of Q2 (GT3) and end of Q4 (GT4), where skates are not permitted, when cars are under parc ferme.
- No overtaking in the pit lane during any session.
- No unsafe releases when reversing the cars back out during the pit stops – special care with this, offences will be penalised.
- Cars may only leave/move, once “Pit Stop work” is fully completed and they are ready to re-join
- When ready to re-join they will be pushed back, engage a gear and released into the fast lane.
- The process of push back and release will be monitored and any car that takes longer than approximately 4s will be investigated.
- Cars must proceed directly into the Fast Lane. Any car stopping after leaving its location or proceeding at an unsuitable pace in the Fast Lane (except for force majeure), will be investigated. Unsuitable pace is considered less than 30kph and being used to pad out your pit stop time.

10. Track Limits:

- A report of track limit breach may be made by a judge of fact when any part of the contact patch of a tyre has clearly run beyond the edge of the painted kerb. NCR Ch.12.App.7.Art.1.6
- Track Limits will be monitored around the track, with particular focus at **Turn 1, 3 and 14** using automatic cameras and judges of fact.
- Track Limits: 3 warnings, 4th infringement will result in a drive through penalty for the car.

- **Free Practice:** repeat offenders may receive a black flag, both drivers report to race control.
- **Pre-Qualifying:** any lap time set with Track Limit infringements will be removed, but lap will be counted.
- **Qualifying:** any lap time set with Track Limit infringements will be removed, but the lap will count as a Qualifying Lap.
- **Race:** Track Limit infringements will be issued to Team Managers via the radio and/or screen. After a third infringement, a car will receive a Black and White Flag. After a fourth infringement, a car will receive a Drive Through Penalty. Further infringement will result in another black and white, followed by another Drive Through Penalty for the remainder of the Race.

11. Qualifying

- A minimum of 1 timed lap (not including out and in laps) in the qualifying session in the car to be raced and in the correct session. See timetable issued for sessions.
- Driver ID must be correct, please take special care with this.

12. Grid:

- All cars stopping on the grid in grid positions must keep width between the car beside you – leave space wide enough for cars to pass through.
- Check Event Bulletin 2 and 3 for the race countdown, subject to timetable delays please listen to race control radio and messaging app for any updates.
- No spare or additional tyres are permitted on the grid unless confirmed by the Race Director by radio or on screen. Items such as “air diving bottles” for wheel guns are permitted if on small trolleys.
- Cars must access the Grid with marked tyres unless the Race is declared Wet.
- Changing of tyres on the Grid is prohibited unless approved by the Race Director.

13. Grid Board / Grid Walk:

- Grid boards must be present at the pit entry to be placed in grid order at the time specified on the countdown Bulletins.
- Pass checks are in place at all gates to the grid, correctly accredit your personnel and guests – pit passes, grid walk or vip passes only permitted. No under 16s permitted.

14. Race Start:

- Check Starting Driver Entry List for starting driver in each car / class.
- At the end of the formation lap all cars must be lined up tightly grouped for the rolling start.
- Cars must stop weaving by Turn 13 Druids and be lined up two by two by Turn 14 Lodge.
- Cars must remain in two lines passing above the boxes.
- When the leading car pulls off (to the left hand side at T14) the pole position car must gradually increase speed to a maximum 110kph.
- Race starts when the lights go OUT (GT3 & GT4) any cars not in line over the boxes will be investigated and risk a drive through penalty.

15. Pit Stops/Working Line:

- The working line is defined by the White Line outside the garages.
- Any team member stepping over the line will be considered active during the pit stops.
- Only the car controller can be out before the car arrives in the Pit Lane.

- No equipment may be in the working area before the car has stopped. On safety grounds no boards may be used in the working lane.
- Cars may only leave the fast lane to move into their own working area immediately.
- Only once the car is stopped can Team members/Driver step over the line, not before.
- The Driver exiting the car may assist the Driver replacing him and **vice versa**.
- Maximum 4 mechanics and a car controller are authorized Pit Lane side. Any additional personnel (excluding Drivers) standing over the line will be deemed to be working and included in that number.
- Tyres to stay behind the line until the car is stationary.
- After pit stops, cars may leave when personnel are returning back to the working line.
- Cars must proceed directly to the fast lane only when it is safe to be released.
- Check Event Bulletin 1 regarding mandatory pit stop times and pit windows.
- A maximum of two armbands may be worn at any time.
- Any time penalty issued to be served at the pit stop involves the car stopping in its working area, driver and car are in parc ferme conditions until time penalty is served, then pit stop can commence.

16. Live Video, GPS, in car marshalling system and circuit light panels

- All cars must have GPS system installed (antenna as per the issued antenna placement document) and the in car marshalling display system installed in view of the driver and any on board camera installed.
- The event is being run with the light panels as the primary signalling system, supported by marshals flags and in car marshalling display system
- As per regulation 19.2, the power provided for television is reserved for the official television provider and as such should not be used for any other equipment at any time during the Event, whether an onboard camera has been fitted or not.

17. Full Course Yellow

- In accordance with the Article 46.4 of the 2026 British GT Championship Regulations, the FCY procedure is detailed in an Event Bulletin.

18. Safety Car:

- Safety Car procedure based on NCR Ch.12.App.8.Art.2. When the order is given to deploy the Safety Car, all marshal posts will display yellow signals and SC boards.
- The yellow lights on circuit will be switched on. (In car signalling display will also illuminate safety car)
- The Safety Car will be released from pit exit and endeavour to pick up the Race leader – with the exception of Lap 1 where the Safety Car will be located at T14.
- Cars must form up behind the Safety Car, as quickly and safely as possible, with no more than five lengths separating them.
- Overtaking is forbidden unless a car is signalled to do so from the Safety Car by means of a hand signal from the Safety Car observer, signalling that they should pass.
- When the Safety Car is in operation, cars may enter the Pit Lane but may only re-join the track when the green light at the end of the Pit Lane is on. It will be on at all times except when the Safety Car and the last car in the line of cars following it are about to pass the pit exit.
- When the Safety Car is called in, it will turn off the lights at Turn 13 to signal that it will enter the Pits at the end of this lap. (In car signalling display will signal green)
- The Safety Car lights will not be turned off (signifying the end of the SC procedure) until after T13 – in the event that the safety car lights appear to be extinguished prior to this

location, cars are required to remain within the SC procedure regulations until confirmation that safety car is "in this lap" is confirmed on the radio and or timing screen messages.

- When it turns off the SC lights, the first car in line will dictate the pace until it crosses the line.
- Yellow signals and SC boards will be replaced with Green signals until the last car crosses the control line. Cars may not overlap or overtake until they pass the control line.
- If during a safety car period a car is released from a pit stop early and is below the mandatory minimum pit stop time, any gain in advantage as a result of exiting the pit lane will be taken into account prior to confirming the penalty to be served.
- In particular, should any such short pit stop, or other pit lane infringement, bring the car out ahead of the safety car, when without the infraction the car would have exited the pit lane at the end of the line of cars behind the safety car, then a stop and go penalty will be calculated in order to negate any advantage gained in terms of track position.

19. Parc Ferme:

- **After Qualifying:** Selected cars will be directed to Scrutineering – pit entry (send 2 mechanics for assistance) all other cars back to Garages under parc ferme conditions.
- **After Race:** Selected cars will be directed to Scrutineering – pit entry (send 2 mechanics for assistance) all other cars back to Garages under parc ferme conditions.
- Under parc ferme conditions, cars must not be touched, unless accompanied by an Official.
- No access to the parc ferme area unless instructed by an official.
- All other cars back to garages nose out (front wheels on the working line) – all cars are under parc ferme conditions.
- **Required Podium Cars:**
 - 1st, 2nd and 3rd placed Drivers in
 - GT3 Overall, GT3 Silver-Am, GT3 Pro-Am (Pro-Am podium only when the overall classification is **not** the same as the GT3 Pro-Am classification)
 - GT4 Overall, GT4 Pro-Am, GT4 Silver
 - Winning co-driver must go to the PARC FERME AREA for Live TV interview.
 - All other podium finishing co-drivers must go to the PODIUM AREA
