

Steward Decision

Circuit:	Brands Hatch GP	Event Date(s):	26 - 27 September 2026
Event Type:	Circuit Racing - Endurance Race	Event Status:	National Open Endurance
Race Title:	British GT Championship	Permit Number:	206032
From:	The Stewards	To:	Paddock Motorsport
Issue Date:	27-09-2026	IssueTime:	15:17

The Stewards, having received a report from the Race Director, summoned and heard from the team representative, have considered the following matter and determined the following:

Entrant:	Paddock Motorsport (Car Number: 84)
Session:	Race
Time (Fact):	14:36
Fact:	Driver, acting as fire cover, had visor on helmet open during refuelling
Offence:	British GT Sporting & Technical Regulations 37.1 - The fire attendant must be suitably attired in fireproof overalls, flame-resistant balaclava and gloves, with a helmet highly recommended to be homologated to one of the standards recognised by the FIA in Technical List n°25. If the helmet does not include a full-face visor, a visor or safety goggles are mandatory for the fire attendant.
Decision:	Drive Through
Reason:	The Stewards, having summoned and heard from the Team Representative of car #84, noted that one of the drivers, acting as the fire attendant, had the visor on their helmet up during refuelling. The Team Representative accepted the breach, and admitted that the driver had been asked to be the fire attendant at short notice. The Stewards determined that a drive through was an appropriate penalty.
